INDIGENOUS PEOPLE'S DAY

October 9

Indigenous Peoples' Day is celebrated on the second Monday of October, on October 9 this year, to honor the cultures and histories of the Native American people. Indigenous Peoples' Day celebrates, recognizes, and honors the beautiful traditions and cultures of the Indigenous People, not just in America, but around the world.

Reading works by Indigenous authors is something we can do all year long, so what better time than right now to add these titles to your to-be-read list?
