

Storytime Training

Are you interested in presenting regular storytimes in your local library? We'd love to have you attend our Storytime Training. It's fun, free, lasts about 3 hours, and is required before you start.

- Learn how to manage group behavior
- Get great tips on selecting books, songs, activities and more
- See how a successful storytime is put together
- Take advantage of time to ask questions and get practical answers.
- The librarians will be available to schedule your storytimes on the spot. No pressure if you want to think it over first.
