

Camarillo Library  
**COMPUTER TRAINING LAB**

**Free**  
**Ongoing classes for K-12 students and Adults**  
Pre-registration required

Please visit or call the Children's or Adult service desk for upcoming dates and times.

Children's desk 388-5755 • Adult Reference desk 388-5811

**Basic Internet Skills Class**

One (75 minute) session in our hands on computer training lab. Guided by a Library Staff member, you will learn how to use a personal computer (at home or at the library) to log on to the Internet via Internet Explorer in order to begin searching the World Wide Web. This class will discuss basic IE browser skills, web addresses, and search engines like Google and Yahoo. You will be shown websites where you can set up a free email account outside of this class, if you do not already have one.

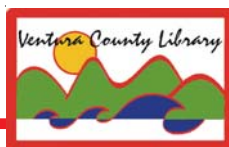

The Ventura County Library Homepage, Catalog and some of the Database Resources for Research will also be introduced. Please bring your Library Card to class or obtain one from the Circulation Desk on the first floor before class. No previous Internet experience is required but you should be comfortable using a computer keyboard and mouse. (If you need a mouse self paced tutorial please see the Reference Desk)

**Electronic Databases for Student/Adult Library Research**  
**Recommended for Grades 6<sup>th</sup> thru College \* (\*K-grade 5 may attend with Adult)**

One (75 minute) session in our hands on computer training lab. Guided by a Librarian, students and adults (a parent may also attend and share a computer with the student) will learn to log on to the Ventura County Library Electronic Databases for Research which are available free of charge from both inside and outside the library via the Internet. The Library databases and electronic resources include a multi-media World Book Encyclopedia, Magazine and Newspaper Indexes, Career, Literature, History, Science and Testing Resources. Please bring your Library Card to class or obtain one from the Circulation Desk on the first floor before class. No previous Internet experience is required but you should be comfortable using a computer keyboard and mouse. (If you need a mouse self-paced tutorial please see the Reference Desk)
