

# LINKING POLICY FOR VENTURA COUNTY LIBRARY WEBSITE

---

The primary focus of the website of Ventura County Library (VCL) is to provide online access to library resources such as the library catalog, electronic subscription databases and individual branch location pages, including programs, events and announcements.

Our website may link to external websites and information resources. These links are not intended to be comprehensive. Links will typically be limited to sites whose content has direct relevance to VCL and its patrons. All links must be to sites with content consistent with VCL's mission and collection development policy.

VCL reserves the right to revise, reject or remove links to any website without notice.

The appearance of a link on the Library's website does not constitute an endorsement by VCL of the site's content, viewpoints expressed, sponsoring organization, products or services.
